Dear friends,

Happy 2022. It seems that little by little everything is getting back to normal, although as you know, we have never stopped competing and offering a certain stability for our pilots. This year, we continue with the strategy defined two years ago, to hold the CEVA in two different host airfields: The Matilla de los Caños airfield, for the initial categories, and the La Caminera Resort & Spa, in Ciudad Real, for the Advanced, Unlimited and Freestyle. This combination has given excellent results 2020 and 2021, as it allows the higher-level pilots to support the novice pilots at Matilla, and the novice pilots to participate as volunteers at La Caminera. It also allows the organisation to adapt to any restrictive conditions that may arise due to Covid and its variants, while providing an optimal platform for sponsors and media.

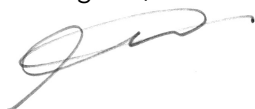

In this edition of the CEVA, we welcome pilots from all over the world to the Spanish Open, so its great way to take part and measure yourselves against colleagues from other countries, enjoy Spanish hospitality at its best– the two host airfields are unique– and enjoy our real time scoring and your aeroclub, family and fans (and sponsors) will be watching you live TV. (more of that to come in Bulletin 2).

From the Club Acrobático Central we promise to do everything possible to offer the best possible services and attention from the organization. The pilots are the heart of CEVA, and we will do everything in our power to ensure that this competition is best in class and reaches the greatest number of fans and spectators, as we all grow in media presence, we will facilitate access to new sources of funding for each of you and popularise the sport. If you want to take a look at last year's event, visit CEVA.aero or

That's all there is for now. It's going to be a good year!

Best regards,

Cástor Fantoba
President
Club Acrobático Central

Specialities and Categories

The Spanish National Aerobatic Championships and Spanish Open 2022 will be held in the powered aerobatics in Unlimited, Advanced, Intermediate, Sportsman and Elementary categories. The Spanish Freestyle Championship will also be held.

CEVA 2022 Competition Programmes

Elementary Category 2 Compulsory programmes (same)

Sportsman Category 1 Compulsory programme & 1 Unknown programme*

Intermediate Category 1 Compulsory programme & 1 Unknown programme**

Advanced Category 1 Compulsory programme and 2 Unknown programmes**

Unlimited Category 1 Compulsory programme and 2 Unknown programmes

Freestyle 1 4-minute programme with music

In the Advanced and Unlimited (CEVA 2) categories, the Free-Unknown programme (compulsory) and two Unknown programmes will be flown. The Unknowns will be created by Nikolai Nikityuk.

*The Unknown programmes in the Sportsman and Intermediate categories will be composed of the same figures that make up the compulsory programmes (which are listed in Annex 3 of this Bulletin), although in a different order and with small changes, to facilitate the construction of the programmes.

**In the Intermediate category, pilots may use the programme attached in Annex 3, or choose to design their own compulsory programme in accordance with CIVA regulations.

In the Elementary category, pilots will fly twice the official Q-programme, which is included in Annex 3.

Freestyle Competition

The selection of pilots for the Freestyle is limited to pilots in the Unlimited category and upon invitation by the organisers. Those pilots selected will be notified directly and to comply with the music broadcasting rights canons.

Organising Team

The organisation, under the baton of the Club Acrobático Central (CAC), has the management team and the experience accumulated over more than 20 years of activity, to manage aerobatic competitions of the highest level. The CAC was the organiser for seven consecutive years of the Copa Triangular de Vuelo Acrobático (Triangular Cup), a competition that produced world-class pilots.

Logistics

CEVA 1

With an asphalted runway of about 1,000 metres, the Matilla Aerodrome in Matilla de los Caños has complete facilities, a restaurant, pool, maintenance centre and hangar. It is an ideal centre for all aviation sports.

There are several hotels in the area, but we recommend booking as soon as possible as there are several cultural activities in Valladolid these dates and hotels are filling up.

CEVA 2 and Freestyle

La Caminera has a 1.400 metre asphalted runway with an elevation of 766 metres.

Further specifications are available through the QR.

All CEVA 2 participants will be able to stay at La Caminera Country Club at a special price of €82/night for a single and €98/night for a double. Rates include breakfast and access to the SPA.

We encourage everyone to stay at La Caminera, as this is where all the CEVA 2 activities will take place. This way we will be in a controlled environment in terms of Covid 19 and we will avoid having to carry out additional CV19 tests. Please book directly, identifying yourself as a CEVA 2022 pilot. We will then validate that you are registered in the competition with them directly and they will apply the special rate. These rates are for pilots competing and spouses/partners. Other rates apply to family and others (sponsors, etc.).

There are 2 restaurants, meeting rooms, spa, swimming pool and golf. Avgas and oil will be available (for sale) for training flights two days before each event.

Registration

The registration fee for pilots remains the same as 2021, at €350. Please fill in the registration form on the CEVA website. The registration fee includes fuel for the competition, water and lunch on competition days. At both airfields, hangar space will be free of charge, although places are limited. Priority will be given to wood and fabric aircraft.

Participating pilots must:

- Provide valid Covid Passport or a negative Covid 19 test result on arrival at the competition (carried out a maximum of 24 hours before).
- Be a member of a club affiliated to RFAE with a national licence, or in the case of foreigners, hold a current federation licence from their country, or a current FAI licence.
- Hold a licence that allows them to fly in the aircraft in which they are competing.
- Hold a valid medical certificate corresponding to the licence they are using.
- Hold an aerobatic rating, if required in the country where their pilot licence was issued.

Participating aircraft must have:

- Certificate of Registration
- A valid Certificate of Airworthiness or Permit to Fly.
- Insurance in force with the third-party coverage indicated in the applicable regulations.
- Aerobatic capability to perform the manoeuvres to be carried out with it.

Payment (please) by bank transfer to RFAE. La Caixa: IBAN: ES26 2100 8739 9122 0002 3876

You must indicate in the concept of the transfer the text: REGISTRATION CEVA 2022 PILOT (name and surname) and CATEGORY.

It is necessary to complete the online registration of pilots for CEVA 2022 at <https://www.ceva.aero> before 30 May as the real time scoring requires all pilots to provide their programmes in advance for uploading and validation. No exceptions will be made. Any questions you may have will be answered at pilotos@CEVA.aero

Safety Protocols

All participants are kindly requested to take note that for safety reasons it is necessary to comply with current health regulations (limited seating, use of masks, social distancing, cleaning of shared areas (e.g. twin seater aircraft) and to fill in the health declaration for Covid 19 ("Document of acceptance of conditions of participation, obligation of information and informed consent"). See Annex 4.

Admission rights to the host airfields are reserved at the sole discretion of the CAC and the airport management.

REGRETFULLY NO GENERAL PUBLIC OR NON-COMPETING PILOTS ARE ALLOWED TO ACCESS THE CEVA PLATFORM DURING THE COMPETITION.
